TO GIVE ADDRESS

DR. WILLIAMSON TO TALK TO GRADUATING CLASS.

COMES FROM ST. LOUIS

Pastor of Third Baptist Church Has Increased Membership of His Church From 800 to 2,200.

Dr. W. J. Williamson, pastor of the Third Baptist church of St. Louis, is to deliver the commencement address to the graduating class of the Maryville high school at the commencement exercises to be held on Friday evening, May 30. So announced Superintendent C. A. Hawkins on Monday.

Dr. Williamson is known as "the friendliest man in St. Louis."

He is a native Missourian. His undergraduate days were spent at William Jewell college. All his ministry has been spent in Missouri. Eleven years ago he was called to the Third Baptist church of St. Louis from Kansas City. In the ten years he had been in Kansas City, the young minister had made many friends. He hated to leave. Those of his flock recognized his strength and advised him to stay.

He was telling his problem to a saloon-keeper, one of his friends. He told him the same thing he had told his ministerial breathren. The man with the apron solved the problem.

"Why, Doc," he said, "there's more people need savin' down there, aint they? Go! You ain't afraid of the crowd, are you? Don't you suppose there's people down there that'll make good friends—people that need friendin'?"

He told a funny story to illustrate his point, and while both were laughing, he suddenly became grave, and put a hand on the minister's shoulder and said affectionately:

"Not that I won't miss you, Doc!" His voice was strange and broken. "I will miss you; I'll miss you like ——!"

His Work in St. Louis.

When he came the membership of his church was 800. Now it is 2200. His audience was 700. Now his auditorium, which is the largest Protestant auditorium in St. Louis, is filled at every service with 2,000 people. There were few men in the audience. Now they predominate. They number 600 young men in the membership. He preaches to men, they hang upon his words.

But it is not his preaching power that has won him all this glory. He handles and deploys his congregation like a general at battle. His brother ministers say it is the greatness of his life that has brought men to him. His sermons are always powerful. They are marked by naturalness and simplicity. It is the life of the man, not the tongue of the preacher.

Doctor Williamson's church is in the downtown district, where the theatres are that advertise "fifteen minutes from everywhere." It is not deserting the field as are the other churches.

CASSIDY CHARGED WITH THEFT.

St. Joseph High School Athletic Director Took Typewriter From School—Is Well Known Here.

Frank P. Cassidy, athletic director at the St. Joseph Central high school, was arrested in that city Saturday night, charged with stealing a typewriter from the school and disposing of it to a St. Joseph firm. At the police station Cassidy admitted that he had taken the typewriter, saying that he had been in need of money, and had taken the machine and sold it with the intention of replacing it later. He says he is willing to make the loss of the typewriter good, and whether he will be prosecuted or not lies with the school board. Cassidy's resignation was accepted by the board Monday.

The convicted man was quite well known in Maryville having accompanied basket ball and track teams of the St. Joseph school to Maryville on several occasions. He was last here in February, when the Central high school basket ball team played the Normal five, at which time he acted in the capacity of referee.

SPECIAL SERVICES CLOSED.

Sunday Was the Closing Day—Thirty to Join the Church.

The special evangelistic services which closed last night at the First M. E. church were very successful. The preaching of Rev. G. H. Zentz of St. Joseph, from first to last, was a feast of good things. He knows how to combine scholarship with the evangelistic message, a gift that is very rare and much needed today. His appeals are as broad as the gospel and free from all littleness and cant. The usual evangelistic tirades upon external sins, and the emphasis upon unnecessary forms, and the berating of other churches which seems so common and yet unworthy of a Christian pulpit, all were noticeably absent. His appeal went deep, obedience, righteousness, love to God and man. His appeal to the church to pray, to work, to conquer in the name of the Christ was as the voice of a prophet.

About thirty have signified their wish to join the church by letter or on profession of faith. Others accepted Christ who will not come into our church but will join other churches of their own preference.

The meetings have emphasized the necessity and privilege of a conscious fellowship with Christ and the great work of bringing men into touch with Him will be easier because of these services.

APPOINTS GILLAM

GOV. MAJOR NAMES MARYVILLE MAN ON COMMISSION.

TO VISIT FOREIGN LANDS

Commission is to Study Matter of Agricultural Credits in the Countries of the Old World.

S. G. Gillam of this city was appointed Monday by Governor Major as Missouri member of the American commission, who are to visit the old countries in Europe to study the question of agricultural credits.

Of the many important measures for the adoption of which, by our recent session of the legislature, our Senator Anderson Craig, is responsible, there is one of which the people in general have little knowledge of, and which may, as time goes on, prove to be one of the most important of the session. This was a resolution passed by both the house and senate, authorizing the governor to appoint a delegate from this state to what is known as the American commission, a delegation of Americans and Canadians to visit the old countries to study the questions of agricultural credits and other features of interest to the farmers.

The purpose of the investigation is to work out some system which will enable the farmers of this country to borrow money at the very lowest interest rates, and it is thought that the result will be to entirely reorganize and revolutionize the systems in operation in this country.

It is known to be a fact that the farmers of the older countries are able to borrow money at the very lowest interest rates, an average of 2 or 3 per cent lower than in this country, and if a system can be worked out for this country that will hav,e that result here it is easy to see what a great good to the general public would result.

The trip of inspection is under the auspices of the southern commercial congress, an organization of which Senator Fletcher of Florida is president, our own Governor Francis vice president and other notable men throughout the country members and officers.

The itinerary of the trip includes Italy, Hungary, Austria, Germany, Denmark, Sweden, Holland, Belgium, France, England and Ireland, and notice has already been received that the commission is to be received and entertained in royal style by the high officials of these countries.

It appeared in the papers some days ago that the governor of New York has appointed Vincent Astor as one of the delegates from New York, which indicates the class of men who are taking an interest in the matter. Mr. Astor recently announced that he proposed to spend a large part of his time and fortune in aiding the farmers of the United States.

Mr. Gillam is well posted on financial matters, having to do with the farmers. No one person has negotiated the loaning of more money to the farmers of Nodaway county and

A two-course wedding luncheon was served by the bride's mother and sisters, Misses Beatrice and Hazel Purcell, after congratulations had been offered by the guests. Mr. and Mrs. Lierley left on the 11:30 train for a two weeks' wedding trip. They will visit friends at St. Joseph, Gilman City and Coffee, Mo. Double Wedding.

Merrigan were married also Miss C. Mary Brady and Mrs. John F. Farnan, Rev. Fr. Coll officiating. The wedding was one of the prettiest of the season. Miss Stella Higgins played the march, and high mass was sung by the young ladies' choir, and Miss Clara Jameson sang a solo at the offertory of the mass.

The brides were dressed alike in every detail. Their dresses were of white crepe meteor with lace trimmings, made in pretty draped styles. They wore veils and carried bouquets of white roses and ferns. The grooms wore the conventional black.

Mr. Thomas Brady, brother of the brides, and Miss Kathern Merrigan, sister of the groom, acted as attendants for Nellie Brady and John Merrigan, while Anna Brady, sister of the bride, and William Farnan, brother of the groom, were the attendants of Mary Brady and John Farnan.

Miss Merrigan wore white chiffon over Persian silk and carried pink carnations and ferns, and Miss A. Brady wore blue crepe de chene and carried a bouquet of white carnations and ferns.

After the ceremony dinner was served at the home of the brides' parents, west of Stanberry, to about seventy-five guests, relatives and friends of the parties. The couples received many beautiful presents.

A ball was given for the young people at Clyde the same evening, but on acount of the weather only a small crowd attended, it being impossible for the brides and grooms to be present. Music was furnished by the Stanberry five-piece orchestra.

The parties are all well known in the community of Clyde. The grooms are both young farmers. Mr. and Mrs. Merrigan will live on a farm two miles west of Conception Junction, and Mr. and Mrs. John Farnan will live three miles east of Clyde.

They left Thursday morning for a little trip to St. Joseph, and will be at home to their friends after April 5.

Northwest Missouri than Mr. Gillam. In addition to being president of the Gillam, Bellows & Pierce Farm Loan company, he has also large interests in banks having to do with personal loans to the farmers.

In season and out of season for the twenty years and over he has been engaged in loaning money to the farmers he has by numerous personal visits and by correspondence, insisted with the wealthy individuals and large financial institutions of the east that there are no better or safer securities than loans to the farmers, and that the farmers are therefore entitled to the lowest rates of interest, and since he has been active in the business in Nodaway county interest rates have been reduced from 10 to 6 per cent and less, for which those familiar with the facts know Mr. Gillam has been, to a great degree, responsible.

Mr. Gillam is out of the city today and it will not be known until his return whether he will be able to make the trip.

WHEAT FINE IN MISSOURI.

The Present Condition of the crop is the Highest Ever Reported.

The winter wheat condition in this state is 96.6, the highest ever reported, and 18.8 per cent higher than a year ago according to the state crop report issued Saturday by T. C. Wilson, secretary of the state board of agriculture.

Many correspondents report the prospects for wheat the best they have ever known. There was practically no winter killing and but little damage from the Hessian fly.

A few counties in the eastern half of the state report some. The plant has made a vigorous growth and in many fields will now "hide a rabbit."

The oats area promises to be 2 per cent less than last year, or about 920,000 acres. About 23 per cent of the crop had been sown April 1. Practically no oats were planted a year ago.

Estimates indicate that 32 per cent of last year's corn crop of 243 million bushels is still in farmers' hands and 28 per cent of plowing for corn is done, compared with 10 per cent a year ago.

The condition of clover is 92, timothy 93, rye 95, barley 87, alfalfa 93.

The outlook for fruit is one of the best in the history of the state except for some of the commercial varieties of apples. The condition of the fruit crop generally is estimated at 95.

The shortage of all classes of live stock continues. The number of hogs on feed, as compared with April 1, 1912, is estimated at 75 per cent; cattle, 74 per cent. There is but 70 per cent as much cholera now as a year ago. In a few counties, however, there is no decrease in the disease.

BUSINESS COLLEGE NOTES.

Felix Meeker, a stenographer with the Noyes-Norman Shoe company of St. Joseph, visited with relatives and friends Sunday.

Donald Frazer, who has been a stenographer in the office of the superintendent of the Burlington at Creston, has resigned his position and taken a position in the postoffice at St. Joseph. He took the examination about a year ago, while in school.

Viva Cloud has accepted a position as stenographer with Frank L. Wisdom in Bedford, Ia., and began work last Monday.

Mr. E. S. Cook was in Kansas City last week on business.

Among the new students this week are Miss Grace Haller, a graduate of the Gem City Business college, who enters for a review, and Miss Protzman, who entered for the shorthand course.

Miss Katy Psenner of Hopkins will leave Wednesday for Los Angeles, Cal., where she has a fine position awaiting her. Miss Helen Trullinger, who took a position there some few months ago, is getting along fine. The west is the best place to go to secure employment.

C. H. McReynolds, a railroad man for seven years, was a business caller today, and it is practically assured that a course in telegraphy will be offered the coming year.

A new catalogue will soon be issued, and it will contain some interesting data, as well as an announcement of a broad and liberal proposition to guarantee positions to every graduate.

Miss Bertha Carstens, who has been employed in Shenandoah for the past three months, is seriously ill at her home on East Fourth street.

ARE YOU RUN DOWN?

Awaken to the Danger and Aid the Weakened Kidneys.

Kidney sickness often runs you down to the verge of collapse before you know the cause. When you seem unable to pin your mind to any task, your back aches and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The aswer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases, attacking brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice urinary disorders. This remedy has given new life and strength to thousands.

Proof of merit in a Maryville citizen's statement.

Mrs. Martha Partridge, 601 East Fourth street, Maryville, Mo., says: "Some years ago I suffered from kidney and bladder complaint and I was all run down. I used Doan's Kidney Pills and they gave me relief. I can't recommend them too highly."

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels.—They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause of bowel ills and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores.
You can buy Rexall Orderlies in this community only at our store:

EXTRA SESSION OPENS AT NOON

New Tariff Revision Bill Introduced in House.

WILSON TO BREAK PRECEDENT

President in Person to Present Message on Tariff Question—Executive Thinks He Can Better Express Himself—Will Make Suggestions.

Washington, April 7.—Both houses of the Sixty-third congress got down to business in extarordinary session today. The Democratic tariff revision was introduced in the house.

The report submitted to the house acompanying the bill claimed an average reduction of 50 per cent on the entire bill as compared with the present law. This, it was stated, is lower than the average reduction made in any tariff bill since and including the Walker bill in the 50s.

Important additions to the tariff free list, as reported, include: Raw wool, boots and shoes, hide leather, skins, meats, lard, salt, iron ore, timber, agricultural implements, sewing machines, typewriters, printing presses, road machinery, news print paper, wood pulp, cotton bagging, barbed wire and steel rails.

The bill, it is estimated, will result in a loss in revenue of from $80,000,000 to $85,000,000, as compared with the Payne-Aldrich law. The saving to the people, it is estimated by the Democratic experts, will aggregate several times this loss.

The house Democrats have been called to consider the bill in caucus tomorrow morning. At that time the question of procedure will be considered, whether the bill, including the income tax, be taken up as a whole or schedule by schedule. The prevalent opinion is that the entire tariff will be considered as one measure.

The president and party leaders having agreed upon free raw wool, there will be no trouble getting it through the house and the senate leaders propose that there be no kicking over the traces when it reaches a senate caucus.

It was asserted by some leaders that efforts of senators to dodge a caucus pledge on the wool or one-cent sugar with the free-in-three-years proviso would not be tolerated.

Clark Re-Elected Speaker.

When the house convened at noon the Democrats re-elected Speaker Champ Clark. The Republicans nominated Representative Mann of Illinois and the Progressives nominated Representative Murdock of Kansas.

The Democrats, with a majority of approximately 150 members in the house, contemplate little trouble in running things to suit themselves. In the senate the Democrats lined up with fifty-one senators, Republicans forty-three, Progressives two.

The senate had organized already for the new congress and its session was a mere routine meeting. Immediately afterward, however, a Democratic caucus will be held, when the fight to revise the senate rules will begin. This matter will occupy the senate for a part of the time that the house busies itself with its weeks of tariff debate.

Wilson in Person to Present Views.

Setting aside precedents of more than a century, President Wilson will appear in the halls of congress tomorrow to deliver his first executive message in person. He announced to Democratic congressional leaders that he would go to the floor of the house when it convened tomorrow and there give that body his views on the tariff.

This decision of the president evoked much comment among the congressional leaders. He will be the first president of the United States to appear officially before either branch of congress in deliberative session since John Adams in the first few years of the last century. An attempt was made exactly 100 years ago, in 1813, to revive the custom, but President Madison declined an invitation to discuss foreign relations with the senate. Since then no president has even suggested joining in the deliberations of congress.

President Wilson made his plans known to Majority Leader Underwood of the house, Representative Palmer of Pennsylvania and the other house Democratic leaders, that they might prepare for the event.

The president believes that he can get in closer touch with the members of both houses of congress by personally expressing his views to them. In addition to his official visits to the floor of the house, which will become a matter of White House policy, the president will take advantage of these visits to hold conferences with the party leaders in congress.

Will Make Suggestions.

The president has been told by his friends that such a procedure is fraught with embarrassments unless he tactfully keeps to his purpose of merely giving advice as the leader of his party and offering suggestions to those with whom he confers. Those who have discussed this with him say he is convinced that congress will not misunderstand his intentions, that he will go to the capitol in a spirit of friendly co-operation, so that there may be at all times a unanimity of purpose between the executive and the legislative departments of the government.

DEATH OF YOUNG GIRL.

The funeral services will take place Wednesday morning at 10 o'clock at St. Patrick's church in Maryville.

HOW TO GET STRONG.

A Simple Remedy.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggists, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cods' livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. Orear-Henry Drug Co. Maryville, Mo.—Advertisement.

Sues to Set Aside Deed.

A suit was filed Saturday afternoon by Attorney C. F. McCaffrey for Michael J. Dougan against C. B. Yeo to set aside a deed to town property which Mr. Dougan transferred to Mr. Yeo recently. The property was exchanged for some Kansas land, and the petition claims that the tract did not come up to what it was represented to be, and therefore the plaintiff wants the court to set aside the deed to the property.

TO GIVE ADDRESS

DR. WILLIAMSON TO TALK TO GRADUATING CLASS.

COMES FROM ST. LOUIS

Pastor of Third Baptist Church Has Increased Membership of His Church From 800 to 2,200.

Dr. W. J. Williamson, pastor of the Third Baptist church of St. Louis, is to deliver the commencement address to the graduating class of the Maryville high school at the commencement exercises to be held on Friday evening, May 30. So announced Superintendent C. A. Hawkins on Monday.

Dr. Williamson is known as "the friendliest man in St. Louis."

He is a native Missourian. His undergraduate days were spent at William Jewell college. All his ministry has been spent in Missouri. Eleven years ago he was called to the Third Baptist church of St. Louis from Kansas City. In the ten years he had been in Kansas City, the young minister had made many friends. He hated to leave. Those of his flock recognized his strength and advised him to stay.

He was telling his problem to a saloon-keeper, one of his friends. He told him the same thing he had told his ministerial breathren. The man with the apron solved the problem.

"Why, Doc," he said, "there's more people need savin' down there, aint they? Go! You ain't afraid of the crowd, are you? Don't you suppose there's people down there that'll make good friends—people that need friendin'?"

He told a funny story to illustrate his point, and while both were laughing, he suddenly became grave, and put a hand on the minister's shoulder and said affectionately:

"Not that I won't miss you, Doc!" His voice was strange and broken. "I will miss you; I'll miss you like ——!"

His Work in St. Louis.

When he came the membership of his church was 800. Now it is 2200. His audience was 700. Now his auditorium, which is the largest Protestant auditorium in St. Louis, is filled at every service with 2,000 people. There were few men in the audience. Now they predominate. They number 600 young men in the membership. He preaches to men, they hang upon his words.

But it is not his preaching power that has won him all this glory. He handles and deploys his congregation like a general at battle. His brother ministers say it is the greatness of his life that has brought men to him. His sermons are always powerful. They are marked by naturalness and simplicity. It is the life of the man, not the tongue of the preacher.

Doctor Williamson's church is in the downtown district, where the theatres are that advertise "fifteen minutes from everywhere." It is not deserting the field as are the other churches.

DISTRICT MEETING.

The Drainage District to Meet at Pickering on Monday, April 28.

A meeting of the owners of real estate and other property situate in the 102 drainage district No. 2, in Nodaway county, has been called for Monday, April 28, at 2 o'clock in the afternoon, at the lumber yard in Pickering. The purpose of the meeting will be to vote on the proposition to extend the corporate existence of the drainage district for a period of eight years from March 9, 1915, when its present corporate existence expires. An entension of time is wanted in order to raise funds to complete the plan for drainage now called and known as the plan for reclamation of the drainage district. If a majority of acres represented at the meeting are in favor of the extension the board of supervisors of the district will present a petition to the circuit court asking for such extension.

CASSIDY CHARGED WITH THEFT.

St. Joseph High School Athletic Director Took Typewriter From School—Is Well known Here.

Frank P. Cassidy, athletic director at the St. Joseph Central high school, was arrested in that city Saturday night, charged with stealing a typewriter from the school and disposing of it to a St. Joseph firm. At the police station Cassidy admitted that he had taken the typewriter, saying that he had been in need of money, and had taken the machine and sold it with the intention of replacing it later. He says he is willing to make the loss of the typewriter good, and whether he will be prosecuted or not lies with the school board. Cassidy's resignation was accepted by the board Monday.

The convicted man was quite well known in Maryville having accompanied basket ball and track teams of the St. Joseph school to Maryville on several occasions. He was last here in February, when the Central high school basket ball team played the Normal five, at which time he acted in the capacity of referee.

SPECIAL SERVICES CLOSED.

Sunday Was the Closing Day—Thirty to Join the Church.

The special evangelistic services which closed last night at the First M. E. church were very successful. The preaching of Rev. G. H. Zentz of St. Joseph, from first to last, was a feast of good things. He knows how to combine scholarship with the evangelistic message, a gift that is very rare and much needed today. His appeals are as broad as the gospel and free from all littleness and cant. The usual evangelistic tirades upon external sins, and the emphasis upon unnecessary forms, and the berating of other churches which seems so common and yet unworthy of a Christian pulpit, all were noticeably absent. His appeal went deep, obedience, righteousness, love to God and man. His appeal to the church to pray, to work, to conquer in the name of the Christ was as the voice of a prophet.

About thirty have signified their wish to join the church by letter or on profession of faith. Others accepted Christ who will not come into our church but will join other churches of their own preference.

The meetings have emphasized the necessity and privilege of a conscious fellowship with Christ and the great work of bringing men into touch with Him will be easier because of these services.

APPOINTS GILLAM

GOV. MAJOR NAMES MARYVILLE MAN ON COMMISSION.

TO VISIT FOREIGN LANDS

Commission is to Study Matter of Agricultural Credits in the Countries of the Old World.

S. G. Gillam of this city was appointed Monday by Governor Major as Missouri member of the American commission, who are to visit the old countries in Europe to study the question of agricultural credits.

Of the many important measures for the adoption of which, by our recent session of the legislature, our Senator Anderson Craig, is responsible, there is one of which the people in general have little knowledge of, and which may, as time goes on, prove to be one of the most important of the session. This was a resolution passed by both the house and senate, authorizing the governor to appoint a delegate from this state to what is known as the American commission, a delegation of Americans and Canadians to visit the old countries to study the questions of agricultural credits and other features of interest to the farmers.

The purpose of the investigation is to work out some system which will enable the farmers of this country to borrow money at the very lowest interest rates, and it is thought that the result will be to entirely reorganize and revolutionize the systems in operation in this country.

It is known to be a fact that the farmers of the older countries are able to borrow money at the very lowest interest rates, an average of 2 or 3 per cent lower than in this country, and if a system can be worked out for this country that will hav,e that result here it is easy to see what a great good to the general public would result.

The trip of inspection is under the auspices of the southern commercial congress, an organization of which Senator Fletcher of Florida is president, our own Governor Francis vice president and other notable men throughout the country members and officers.

The itinerary of the trip includes Italy, Hungary, Austria, Germany, Denmark, Sweden, Holland, Belgium, France, England and Ireland, and notice has already been received that the commission is to be received and entertained in royal style by the high officials of these countries.

It appeared in the papers some days ago that the governor of New York has appointed Vincent Astor as one of the delegates from New York, which indicates the class of men who are taking an interest in the matter. Mr. Astor recently announced that he proposed to spend a large part of his time and fortune in aiding the farmers of the United States.

Mr. Gillam is well posted on financial matters, having to do with the farmers. No one person has negotiated the loaning of more money to the farmers of Nodaway county and

When the Rev. Fr. Anselm leaves this Monday night on his trip to Europe he will carry a handsome leather traveling bag with all the necessary appointments, which was presented to him Saturday by the young ladies of St. Mary's church parish.

Compliment to Mrs. Braniger.

The meeting of the Woman's Relief Corps was unusually well attended Saturday afternoon. A social feature was added that made the meeting worthy of note. The day was the birth day anniversary of Mrs. R. S. Braniger, president of the corps, and at the close of the meeting the members took charge of things suddenly, and to the complete surprise of the worthy president, spread a dainty luncheon in her honor.

Kensington and Luncheon.

A delightful social afternoon was spent Thursday afternoon at the home of Mrs. J. H. Eckles, when Mrs. Eckles and Mrs. O. L. D. A. R. Meeting Saturday.

The young ladies were assisted in entertaining by their mothers, Mrs. Jackson and Mrs. R. C. Benight. The rooms presented a most attractive appearance in their decorations of flags. After the business meeting a delightful literary and musical program was given, Mrs. Anderson Craig telling of her meeting with the D. A. R. chapter at Jefferson City, and the generally charming time she had while at the state capital with Senator Craig for the legislative session, after which Mrs. E. G. Orear gave report of the unveiling of the pony express monument at St. Joseph last week, when she was the guest of the St. Joseph chapter for that event. Upon request of the guests Mrs. Jackson gave one piano number, Ronda Brilliant, by Weber, which was executed in the pianist's usual brilliant style. A two-course luncheon was the beginning of a very enjoyable social hour.

Pink and White Domino Party.

A very pretty pink and white domino party was given Saturday afternoon by Mrs. J. E. Bailey, 310 East Fourth street, complimentary to her niece, Miss Babe Holt. The rooms were very pretty in their decorations of pink and white. Carnations were the flowers used. A pink and white bouquet of the same blossoms was given for the game prize, Miss Isora Mutz and Miss Nina Bent tying for the honors. After cutting for the prize, Miss Nina Bent was found to be the lucky one. A pink and white luncheon followed the games. Assisting the hostess in entertaining and serving were Mrs. Frank Garrett, Miss Geneva Wilfley, Miss Mildred Hancock and Miss Laura Craig. The guest list included Miss Holt, Misses Hazel Everhart, Lucile Holmes, Katherine Carpenter, Marguerite Cummins, Hazel Smith, Olivette Godsey, Nina Bent, Cathern Cox, Hildred Hanna, Blanche Shipps, Marie Shipps, Hermion Fisher, Gladys Yeaman, Martha Koch, Ruby Curnutt, Mildred Robinson, Anna Bainum, Carrie Margaret Baker, Helen Rowley, Eleanor Smith, Kathaleen Wells, Laura Craig, Helen Helpley, Golda Roelofson, Mildred Hancock, Ruth Reuillard, Gladys Holt, Ilene Kemp, Gladys Ford, Mary Martin, Mary Guinn, Jeanette Mutz, Isora Mutz, Lola Wright, Nellie Knappenberger, Laurinda Craig, Allie Fraser, Edith Anderson, Lillian Carpenter, Elizabeth Leet, Beatrice Vance.

Miss Nellie Wray Hostess.

The Young Women's Missionary society of the First M. E. church held its regular monthly meeting Saturday afternoon at the home of Miss Nellie Wray. Mrs. D. W. Snoderly led the afternoon study on "Medical Missions in China." The text book review was given by the president, Mrs. Roy Collins, in the absence of Miss Dena Hartman. The leaflet, "How the Inner Court Was Reached," was read by Mrs. L. A. Denny. An interesting sketch entitled "A Quartet of Doctors," the work of Dr. Ida Hahn and Dr. Mary Stone being given by Mrs. Joseph Combs; Hu King Eng, M. D., by Miss Ruth Matter, and Li Bi Cu, M. D., by Mrs. L. E. Dean. Two piano numbers were given by Miss Marie Wells and Miss Nellie Hutton. Reports of the district meeting held at Mound City last week were presented by Mrs. Collins and Mrs. Dean, who attended as delegates, and they were followed by Mrs. T. A. Corken of Burlington Junction, who gave a brilliant synopsis of the lecture at Mound City of Miss Henkle, a returned missionary from Calcutta, India. The society was very pleased to have Mrs. Corken with them as her visits have always proved an inspiration to them. The attendance was large at Saturday's meeting and there were several visitors, Mrs. Corken of Burlington Junction, Mrs. Walter Wray, Miss Clara Neill, Rev. Gilbert S. Cox and Mrs. Rolla H. Rees and Mrs. Scott McKnight of Burlington Junction, who came as the guests of Mrs. Emmett Scott. During the social hour the hostess was assisted by her mother, Mrs. J. Arthur Wray, Mrs. W. J. Hutton and Mrs. J. W. Herndon.

Purcell-Lierley Wedding.

A pretty wedding occurred Sunday morning at 10:30 o'clock, at the home of Mr. and Mrs. G. L. Purcell of Conception Junction, when their daughter, Helen Lorraine, was united in marriage to Mr. Clarence Edward Lierley, Rev. Coffey of the Christian church of Parnell performed the ceremony in the presence of relatives and a few friends. The bride and her bridesmaid, Miss Maybird Parrish of Maryville, who is also her cousin, wore very becoming navy blue cloth suits. Dr. C. D. Todd was best man. A two-course wedding luncheon was served by the bride's mother and sisters, Misses Beatrice and Hazel Purcell, after congratulations had been offered by the guests. Mr. and Mrs. Lierley left on the 11:30 train for a two weeks' wedding trip. They will visit friends at St. Joseph, Gilman City and Coffee, Mo. They will be at home in Conception Junction after April 21. Mr. Lierley is engaged in the jewelry business at that place. The bride has been employed in the central telephone office at Conception Junction and is a pretty and popular girl. She was the recipient of many beautiful presents of cut glass, silver, china and linen. The wedding guests included Mr. and Mrs. David Lierley and Dayton Lierley of Gilman City, Miss Adelaide Stewart of St. Joseph, Mr. and Mrs. E. L. Lewis, Orlan and Gail Lewis, Mrs. G. W. Swinford and Miss Irene Swinford of Maryville, Mr. and Mrs. H. J. Parrish, Misses Maybird and Mayme Parrish of Maryville, Mr. and Mrs. E. W. Lyons of Arkoe, Miss Lucile Mansfield and the bride's family.

Double Wedding.

The first double wedding ever witnessed in St. Peter's Catholic church in Stanberry was solemnized Wednesday morning, April 2, at 9 o'clock, when Miss Nellie T. Brady and John E. Merrigan were married also Miss C. Mary Brady and Mrs. John F. Farnan, Rev. Fr. Coll officiating. The wedding was one of the prettiest of the season. Miss Stella Higgins played the march, and high mass was sung by the young ladies' choir, and Miss Clara Jameson sang a solo at the offertory of the mass.

The brides were dressed alike in every detail. Their dresses were of white crepe meteor with lace trimmings, made in pretty draped styles. They wore veils and carried bouquets of white roses and ferns. The grooms wore the conventional black.

Mr. Thomas Brady, brother of the brides, and Miss Kathern Merrigan, sister of the groom, acted as attendants for Nellie Brady and John Merrigan, while Anna Brady, sister of the bride, and William Farnan, brother of the groom, were the attendants of Mary Brady and John Farnan.

Miss Merrigan wore white chiffon over Persian silk and carried pink carnations and ferns, and Miss A. Brady wore blue crepe de chene and carried a bouquet of white carnations and ferns.

After the ceremony dinner was served at the home of the brides' parents, west of Stanberry, to about seventy-five guests, relatives and friends of the parties. The couples received many beautiful presents.

A ball was given for the young people at Clyde the same evening, but on acount of the weather only a small crowd attended, it being impossible for the brides and grooms to be present. Music was furnished by the Stanberry five-piece orchestra.

The parties are all well known in the community of Clyde. The grooms are both young farmers. Mr. and Mrs. Merrigan will live on a farm two miles west of Conception Junction, and Mr. and Mrs. John Farnan will live three miles east of Clyde.

They left Thursday morning for a little trip to St. Joseph, and will be at home to their friends after April 5.

When in St. Joseph stop at Hotel Ryan (European), 313 South Sixth street. Steam heated rooms 50 cents to $1.00 per day.

APPOINTS GILLAM

(Continued from Page 1)

Northwest Missouri than Mr. Gillam. In addition to being president of the Gillam, Bellows & Pierce Farm Loan company, he has also large interests in banks having to do with personal loans to the farmers.

In season and out of season for the twenty years and over he has been engaged in loaning money to the farmers he has by numerous personal visits and by correspondence, insisted with the wealthy individuals and large financial institutions of the east that there are no better or safer securities than loans to the farmers, and that the farmers are therefore entitled to the lowest rates of interest, and since he has been active in the business in Nodaway county interest rates have been reduced from 10 to 6 per cent and less, for which those familiar with the facts know Mr. Gillam has been, to a great degree, responsible.

Mr. Gillam is out of the city today and it will not be known until his return whether he will be able to make the trip.

WHEAT FINE IN MISSOURI.

The Present Condition of the crop is the Highest Ever Reported.

The winter wheat condition in this state is 96.6, the highest ever reported, and 18.8 per cent higher than a year ago according to the state crop report issued Saturday by T. C. Wilson, secretary of the state board of agriculture.

Many correspondents report the prospects for wheat the best they have ever known. There was practically no winter killing and but little damage from the Hessian fly.

A few counties in the eastern half of the state report some. The plant has made a vigorous growth and in many fields will now "hide a rabbit."

The oats area promises to be 2 per cent less than last year, or about 920,000 acres. About 23 per cent of the crop had been sown April 1. Practically no oats were planted a year ago.

Estimates indicate that 32 per cent of last year's corn crop of 243 million bushels is still in farmers' hands and 28 per cent of plowing for corn is done, compared with 10 per cent a year ago.

The condition of clover is 92, timothy 93, rye 95, barley 87, alfalfa 93.

The outlook for fruit is one of the best in the history of the state except for some of the commercial varieties of apples. The condition of the fruit crop generally is estimated at 95.

The shortage of all classes of live stock continues. The number of hogs on feed, as compared with April 1, 1912, is estimated at 75 per cent; cattle, 74 per cent. There is but 70 per cent as much cholera now as a year ago. In a few counties, however, there is no decrease in the disease.

BUSINESS COLLEGE NOTES.

Felix Meeker, a stenographer with the Noyes-Norman Shoe company of St. Joseph, visited with relatives and friends Sunday.

Donald Frazer, who has been a stenographer in the office of the superintendent of the Burlington at Creston, has resigned his position and taken a position in the postoffice at St. Joseph. He took the examination about a year ago, while in school.

Viva Cloud has accepted a position as stenographer with Frank L. Wisdom in Bedford, Ia., and began work last Monday.

Mr. E. S. Cook was in Kansas City last week on business.

Among the new students this week are Miss Grace Haller, a graduate of the Gem City Business college, who enters for a review, and Miss Protzman, who entered for the shorthand course.

Miss Katy Psenner of Hopkins will leave Wednesday for Los Angeles, Cal., where she has a fine position awaiting her. Miss Helen Trullinger, who took a position there some few months ago, is getting along fine. The west is the best place to go to secure employment.

C. H. McReynolds, a railroad man for seven years, was a business caller today, and it is practically assured that a course in telegraphy will be offered the coming year.

A new catalogue will soon be issued, and it will contain some interesting data, as well as an announcement of a broad and liberal proposition to guarantee positions to every graduate.

Miss Bertha Carstens, who has been employed in Shenandoah for the past three months, is seriously ill at her home on East Fourth street.

ARE YOU RUN DOWN?

Awaken to the Danger and Aid the Weakened Kidneys.

Kidney sickness often runs you down to the verge of collapse before you know the cause. When you seem unable to pin your mind to any task, your back aches and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The aswer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases, attacking brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice urinary disorders. This remedy has given new life and strength to thousands.

Proof of merit in a Maryville citizen's statement.

Mrs. Martha Partridge, 601 East Fourth street, Maryville, Mo., says: "Some years ago I suffered from kidney and bladder complaint and I was all run down. I used Doan's Kidney Pills and they gave me relief. I can't recommend them too highly."

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only knew as much as we and those who have used them know about Rexall Orderlies, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Rexall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Rexall Orderlies

help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels.—They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Rexall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause of bowel ills and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Rexall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you we will return the money you paid us for them.

Doesn't that indicate that Rexall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Rexall Orderlies for children, delicate and aged persons. Rexall Orderlies come in convenient vest-pocket size tin boxes. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores.
You can buy Rexall Orderlies in this community only at our store:

EXTRA SESSION OPENS AT NOON

New Tariff Revision Bill Introduced in House.

WILSON TO BREAK PRECEDENT

President in Person to Present Message on Tariff Question—Executive Thinks He Can Better Express Himself—Will Make Suggestions.

Washington, April 7.—Both houses of the Sixty-third congress got down to business in extarordinary session today. The Democratic tariff revision was introduced in the house.

The report submitted to the house acompanying the bill claimed an average reduction of 50 per cent on the entire bill as compared with the present law. This, it was stated, is lower than the average reduction made in any tariff bill since and including the Walker bill in the 50s.

Important additions to the tariff free list, as reported, include: Raw wool, boots and shoes, hide leather, skins, meats, lard, salt, iron ore, timber, agricultural implements, sewing machines, typewriters, printing presses, road machinery, news print paper, wood pulp, cotton bagging, barbed wire and steel rails.

The bill, it is estimated, will result in a loss in revenue of from $80,000,000 to $85,000,000, as compared with the Payne-Aldrich law. The saving to the people, it is estimated by the Democratic experts, will aggregate several times this loss.

The house Democrats have been called to consider the bill in caucus tomorrow morning. At that time the question of procedure will be considered, whether the bill, including the income tax, be taken up as a whole or schedule by schedule. The prevalent opinion is that the entire tariff will be considered as one measure.

The president and party leaders having agreed upon free raw wool, there will be no trouble getting it through the house and the senate leaders propose that there be no kicking over the traces when it reaches a senate caucus.

It was asserted by some leaders that efforts of senators to dodge a caucus pledge on the wool or one-cent sugar with the free-in-three-years proviso would not be tolerated.

Clark Re-Elected Speaker.

When the house convened at noon the Democrats re-elected Speaker Champ Clark. The Republicans nominated Representative Mann of Illinois and the Progressives nominated Representative Murdock of Kansas.

The Democrats, with a majority of approximately 150 members in the house, contemplate little trouble in running things to suit themselves. In the senate the Democrats lined up with fifty-one senators, Republicans forty-three, Progressives two.

The senate had organized already for the new congress and its session was a mere routine meeting. Immediately afterward, however, a Democratic caucus will be held, when the fight to revise the senate rules will begin. This matter will occupy the senate for a part of the time that the house busies itself with its weeks of tariff debate.

Wilson in Person to Present Views.

Setting aside precedents of more than a century, President Wilson will appear in the halls of congress tomorrow to deliver his first executive message in person. He announced to Democratic congressional leaders that he would go to the floor of the house when it convened tomorrow and there give that body his views on the tariff.

This decision of the president evoked much comment among the congressional leaders. He will be the first president of the United States to appear officially before either branch of congress in deliberative session since John Adams in the first few years of the last century. An attempt was made exactly 100 years ago, in 1813, to revive the custom, but President Madison declined an invitation to discuss foreign relations with the senate. Since then no president has even suggested joining in the deliberations of congress.

President Wilson made his plans known to Majority Leader Underwood of the house, Representative Palmer of Pennsylvania and the other house Democratic leaders, that they might prepare for the event.

The president believes that he can get in closer touch with the members of both houses of congress by personally expressing his views to them. In addition to his official visits to the floor of the house, which will become a matter of White House policy, the president will take advantage of these visits to hold conferences with the party leaders in congress.

Will Make Suggestions.

The president has been told by his friends that such a procedure is fraught with embarrassments unless he tactfully keeps to his purpose of merely giving advice as the leader of his party and offering suggestions to those with whom he confers. Those who have discussed this with him say he is convinced that congress will not misunderstand his intentions, that he will go to the capitol in a spirit of friendly co-operation, so that there may be at all times a unanimity of purpose between the executive and the legislative departments of the government.

HOW TO GET STRONG.

A Simple Remedy.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggists, which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cods' livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you. Orear-Henry Drug Co. Maryville, Mo.—Advertisement.

Sues to Set Aside Deed.

A suit was filed Saturday afternoon by Attorney C. F. McCaffrey for Michael J. Dougan against C. B. Yeo to set aside a deed to town property which Mr. Dougan transferred to Mr. Yeo recently. The property was exchanged for some Kansas land, and the petition claims that the tract did not come up to what it was represented to be, and therefore the plaintiff wants the court to set aside the deed to the property.

An Irishman was sitting in a depot smoking when a woman came in, and sitting down beside him, remarked:

"Sir, if you were a gentleman, you would not smoke here,"

"Mub," he said, "if you wuz a lady ye'd sit farther away."

Pretty soon the woman burst forth again

"If you were my husband I'd give you poison."

"Well, mum," returned the Irishman, as he puffed away at his pipe, "if you wuz my wife (puff, puff) I'd take it."
